Arrangements have been made to furnish the Knickerbocker Magazine, the Home Journal, and the New York Musical World and Times, to new subscribers, for five dollars a year ! This is cheap literature, with a vengeance. The Knicker-bocker is \$3 per annum; the Home Jour-nal, \$2; and the Musical World and Times, \$3; making \$8 a year at the usual rates .-That three such

five dollars a year, is a fact truly worthy the 'Caloric' age, which is just now being ushered in. Of the Knickerbacker Magazine, edited by Lewis Gaylord Clark, it is unnecessary to speak. For twenty years it has been the most genial, humorous, and spicy 'monthly' in the world; and the present volume will be better than any which preceded it. The Home Journal, edited by Geo. P. Morris and N. P. Willis, is well known as the best family newspaper in America; and the Musical World and Times, edited by Richard Storrs Willis, with Lowell Mason, Geo. H. Curtis, Thomas Hastings, Wm. P. Bradbury, Geo. F. Root, and other musical writers contributing; and which gives, among other things, over \$25 worth of music and a full course of instruction in harmony annually, is the very best musical journal ever published. These three publications will post a family up in regard to averything worth knowing:—Art, Science, Literature; music, painting, sculpture; inventions, discoveries; wit, humor, fancy, sentiment; the newest fashions and other attractions for ladies; choice new music for the Sabbath, the church, and the (Signed) I. To Professor Holloway,

Dear Sta-I am enabled to funish you with a most extraordinary cure effected by your invaluable Ointment and Pilit; which has astonished every person equainted with the sufferer. About 10 years age, Mr. W. Commus, of Saitney Street, in this town, was thrown from his horse, whereby he received very serious injuries; he had the best medical advice at the time, and was afterwards an intente of different infirmaries, yet he grew worse, and at last a major.

To professor Hellowar,
Sin -Some time since, one of my children was afficted with dreadful cruptions over the bedy and limbs. I obtained the advice of several eminent Surgeons and Physicians, by all of whom the gase was considered hopeless. At length I tried your Ointment and Pills, and without exaggeration, the effect was minaculous, for by peravering in their use, all the cruptions quickly disappeared, and the child was restered to perfect heath.

tions quickly disappeared, and the child was restered to pertect heath.

I previously lost a child from a similar complaint, and I firmly believe, had I in her case adopted your medicines she would have been saved also. I shall he happy to testify the truth of this to any enquirer.
